---

Jeremy,

Captain Martin (copied) received word from Mike Sams that USCG will agree to do work under the original MA, with no revision needed. I spoke with him and Steve Mason together and EPA will do the work together under IAG. Basically we are back to where we started, except now everyone agrees.

Also, I got an email from Dana Reynolds so I think I'm on the distro now.

Thanks

Chris

Christine,

Jeremy Schaefer asked me to reach out to you..

Please deobligate the Mission Assignment for EPA and reduce by one half..

The remainder to go to the USGS for ESF 10 work

Please call or email with any questions... T

Thank You

Dan
